THE ACADEMY

Rushtons Skating Schools has been in operation for 22 years. The academy specializes in proper power skating technique with emphasis on balance skills, agility, edge exercises, forward & backward skating, crossovers, all turns, conditioning, & quick starts. Physiologically, the skaters will develop their cardiovascular & muscular endurance, muscular strength & power. Resistance cords, parachutes, HD DVD video analysis, and some circuits will be taught with and without pucks.

We service our clients by being consistent in our teaching and by remaining a small, more personalized school. All sessions are instructed by Larry and Leslee Rushton, along with assistant coaches (PA's). The skaters that attend this school, come to improve one of the most important skills of the game of hockey, which is skating. If you are going to play hockey, you have to know how to skate properly. Rushtons Skating Schools knows what it takes to be the best. We offer quality and efficient instruction in a disciplined, no nonsense, no frills atmosphere.

As incentives, prizes, draws, hockey cards & hockey posters will be given out to the "skaters of the day" along with report cards with circuit times.
